Hingham Open Space Committee Criteria for Protection

- Help preserve Hingham's character: Historical significance—old ice pond/business
- Protect Hingham's water resources: Drainage into Weir River—in ACEC watershed
- Abut or link up existing conservation lands: Estuary corridor linking conservation lands
- Public access to passive recreation: Walking path around pond, birding, ice skating, on bike path
- Preserve or enhance distinctive streetscapes, views, vistas: Close to street—beautiful views
- Preserve important wildlife and/or vegetation habitat:
Protects critical habitat for fish and birds; Flood buffer
