

Preschool Program

PRESCHOOL PROGRAM is open to children ages 2.9-5

This program consists of four 2-week sessions running June 27th – August 19th and two 1-week sessions running August 22nd – September 2nd.

The Preschool Program is specifically designed to cater to the interests and abilities of preschool aged children. One of the main goals of the program this year is early literacy and mathematics.

We will familiarize children with great stories by well-known authors. Every Thursday will be focused on a specific author, such as Kevin Henkes and Marc Brown. Additionally, each session will feature a math day, during which participants will categorize shapes, make patterns, and learn number songs. Participants will also enjoy daily activities such as arts and crafts projects, outdoor games, water play, scavenger hunts, and specialty workshops! With creative theme days, field trips, and workshops designed to encourage being active and learning, your child is sure to enjoy their experience no matter what session they're signed up for!

This program features a half day and a full day option depending on the child's age. Children ages 2.9 and 3 must participate in the half day program which runs from 8:45 AM-11:45 AM (2.9-3 year olds may NOT register for full day). Four year old children may register for either the half day or full day program. Five year old children must participate in the full day program which runs from 8:45 AM-2:45 PM (5 year olds may NOT register for half day).
