1. Call to order: 7:36pm
2. New issue:
  - a. Town Wharf Project: Woods Hole Group provided an overview of their final report regarding their analysis of the Town Pier Wharf in light of rising sea levels. Also discussed were the next steps in the permitting process and planning for a joint meeting with the Conservation Commission so they can also see the final findings.
  - b. Harbormaster matters: Harbormaster not present.
    - i. Committee agreed to discuss with Harbormaster his proposed permanent changes to World's End mooring regulations in that members of the Committee advocate more research needs to be done before such changes are approved by the Town.
3. Set next meeting date: Tuesday, June 22, 2021
4. Adjournment: 9:14 pm
