Department You Wish to Contact	Planning Board
Subject / Reason for Contacting the Town	Amazon Application

Query/Comment/Question: Dear Chair Ellis,
I am writing you and other members of the board to express my deep concern about the Amazon application. As a resident of Gardner Street I am extremely concerned about the additional traffic to the Derby Street area and on the feeder roads like Gardner Street and Cushing Street. I do not believe Amazon has sufficiently addressed the boards questions about traffic, environmental impact, and how their drivers are vetted. It seems to me Amazon is being evasive and somewhat dismissive to the boards valid questions. This doesn't feel like a company Hingham will be able to forge a respectful relationship with should they be allowed to operate at the proposed site. I would urge you to vote no on this application and I thank you all for your hard work serving the people of Hingham.

Thank you,
Diane DeNapoli
