RE: Application of Hingham Farmer's Market – April 8., 2019 Joint Hearing
Request for a Special Permit A3 parking determination under §V-A and §I-J along with a Site Plan Review in Association with a Special Permit A2 under §I-G and §I-I of the Zoning By-Law and such other relief as necessary to allow for a modification to the existing permits including but not limited to a change in the location of the Farmers Market and an increase in the number of vendor spaces from 40 to 50 at the HINGHAM BATHING BEACH, located in the Official and Open Space and Hingham Harbor Overlay Districts.

At the public meeting of The Trustees of the Bathing Beach on April 8, 2019 at 9:30 am with representatives of the Hingham Farmer's Market, Inc. and the Town Engineer's Department the above mentioned application was reviewed. It was concluded that the best path forward, in light of current and multiple construction projects currently underway at the Bathing Beach property, is a continuance of this application to a later date. After the construction projects are completed we recommend a site visit and further discussions and hearings on the above mentioned request to relocate the market and increase the number of vendor spaces.

The Trustees of the Bathing authorize the Hingham Farmer's Market to continue the process of obtaining the requisite permits needed to modify their operation and relocate to another area within the Bathing Beach property in the future.

On Behalf of the Trustees of the Bathing Beach,

Christopher Daly

Trustee of the Bathing Beach

cc: Alan Perrault, Chair; Edward Johnson, Trustee

cc: Mark Cullings, Hingham Farmer's Market
