Re: 315 Lincoln St Proposed Dunkin Donuts

Members of the Planning Board,

The fire dept. has received the revised plans for the proposed project at 315 Lincoln St Dunking Donuts. It would appear by the latest submission that our needs will be satisfied. They have shown appropriate turning radiuses for our largest apparatus. They also restored the emergency throughway from the neighboring property Avalon. At this time the fire dept. is satisfied with the plans submitted regarding emergency access. As the project continues to develop we may offer further comment.

Respectfully,

Lieutenant Chris DiNapoli
Fire Marshal, Town of Hingham
