Hingham, MA 02043

Dear Ms. Sarni,

Thank you for your questions regarding Fusion Academy's operations and the request to clarify if Fusion Academy provides a cafeteria within the premise.

In summary, Fusion Academy is an innovative, individual focused, fully-accredited school and tutoring facility for students in grades 6-12. Fusion Academy specializes in helping students who need an alternative to the traditional school model by providing a unique, personalized approach to learning by providing one-on-one learning, meaning that all core curriculum classes are held one-student, one-teacher.

Unlike traditional schools, Fusion Academy's students are able to customize their schedule to meet their individual needs, therefore every student's schedule is different. Students can schedule their classes anytime throughout the day, starting as early as 8:00 AM to as late at 8:00 PM (Fusion closes at 9:00 PM, Monday – Thursday and 4:00 PM on Friday). This also means that students break/lunch schedules vary as well. Due to this customization there is no set lunch time. Therefore, Fusion Academy does not offer prepared meals. Staff and students are responsible for their own meals, whether they bring them to the premises, go off site or have food delivered. Also, as you can see in the floor plans provided, Fusion Academy does not provide a cafeteria/kitchen, only two break areas.

I am happy to offer a tour of our nearby Newton or Burlington schools, where you can see firsthand how Fusion Academy operates once open for business. Please let me know if this is something you would be interested in and I can schedule a tour.

Please let me know if you have additional questions.

Thank you,
